GCX product line options:

GCX-W

- Stationary console available in 1, 2 and 3 bay wide X-Chassis
- Legs have removable panels to access cables from X-Chassis to floor
- Lift-off, removable, vented turrets and filler panels available

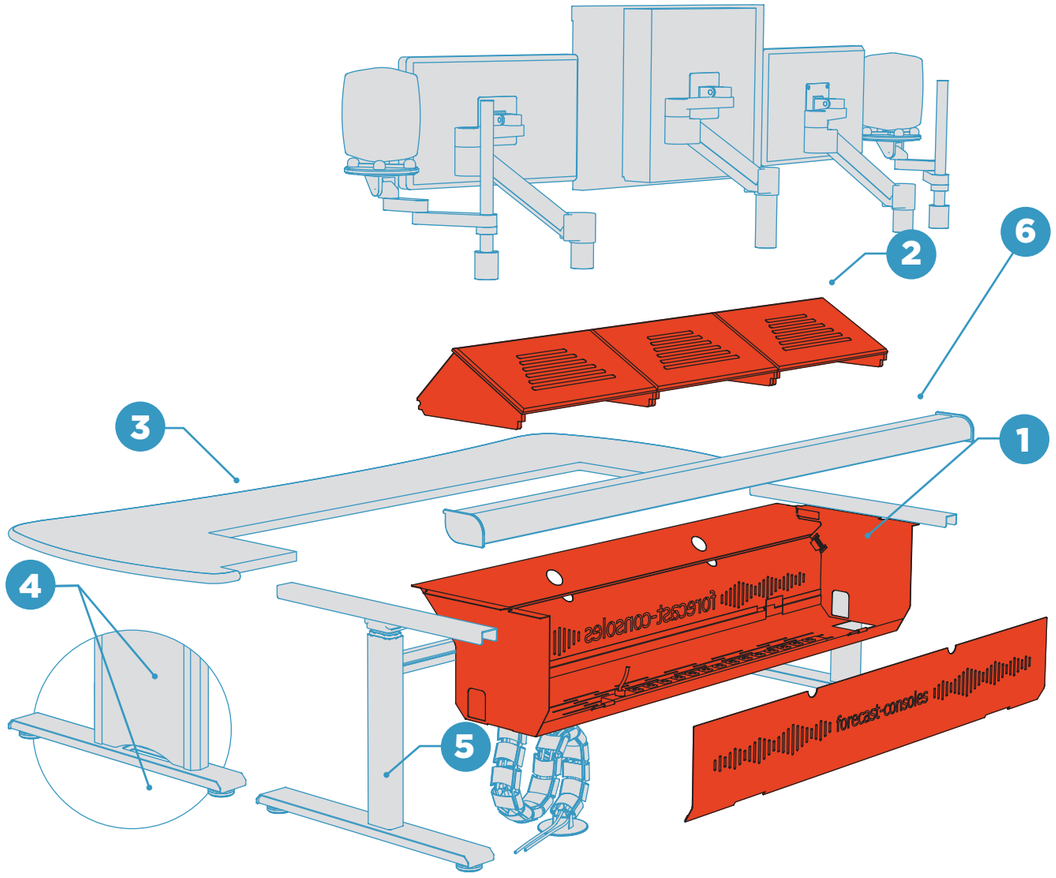
GCX-S

- Countertop height fully adjustable from 25” to 50”
- Motorized legs have a 500 lb. lift capacity
- Flexible and protective cable management
- Console available in 1, 2 and 3 bay wide X-Chassis
- Electronic handset switch has 3 -programmable height settings

GCX-C

- Infinitely expandable and configurable console
- Based on combining 1, 2 and 3 bay wide X-Chassis to create a fully customized console
- Can be configured in any shape to compliment any size room

The anatomy of a GCX:



1. Lightweight steel **X-Chassis** with removable hinged doors. Available in 1, 2 and 3 bay widths.
2. Vented and lift-off **removable turrets** are available in 2, 3 ,4 & 5 rack units (Can be combined with 1 and 1/2 bay countertop fillers).
3. Available in multiple **countertop** sizes, styles and finishes.
4. Stationary legs for **Continuum** (GCX-C) & **Workstation** (GCX-W). Legs have removable panels to easily route cables to the floor.
5. **Sit-2-Stand** console (GCX-S) uses electronically controlled height adjustable legs. Adjusts from approximately 25" to 50" at countertop height.
6. **Rear Rail** for accessory mounting.

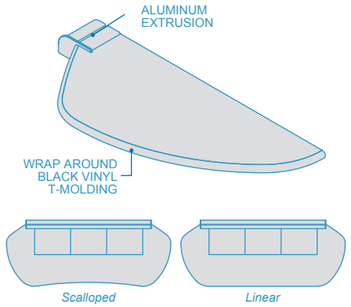
The look of your GCX:

Give your consoles their own look

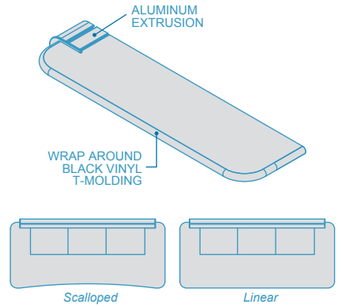
COUNTLESS COUNTERTOP VARIATIONS

Various countertop shapes, end details, materials and colors allow you to create the perfect console for your needs.

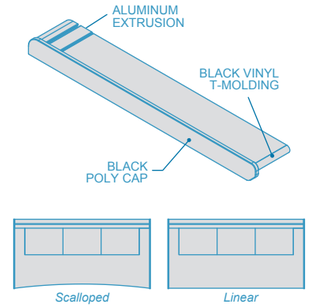
CURVED COUNTERTOP

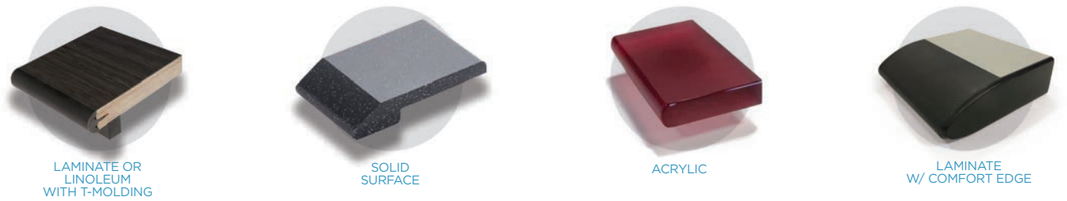


SQUARED COUNTERTOP



CAPPED COUNTERTOP



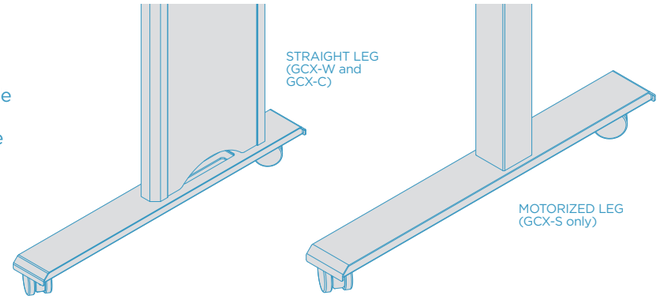


Standard Laminates

A leg to stand on

LEG OPTIONS

Console leg comes standard with adjustable height floor levelers. Combination lockable front & free-wheel rear casters are available as an upgrade.



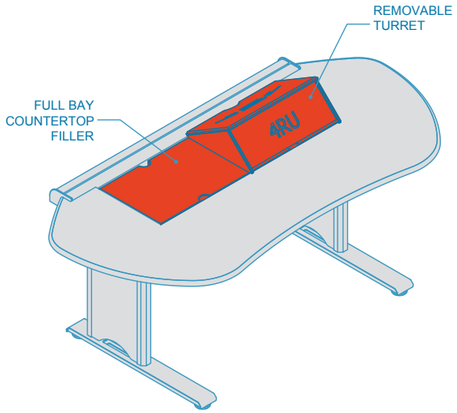
GCX in action:

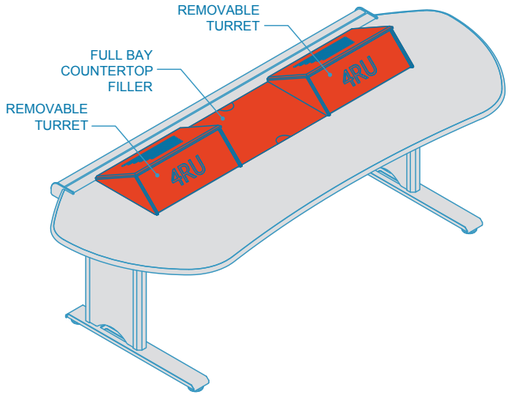
One man show

GCX-W WORKSTATION -
EVERYTHING AT YOUR FINGERTIPS

W

Workstations offer the best possible solutions for non-linear editing, graphics and color correction workstations. The consoles are pre-engineered, affordable and ready for quick-ship.



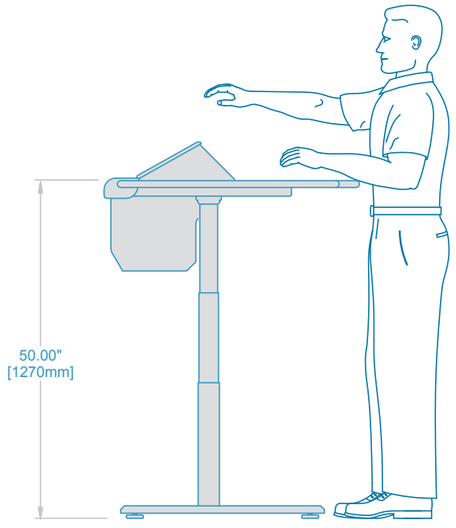


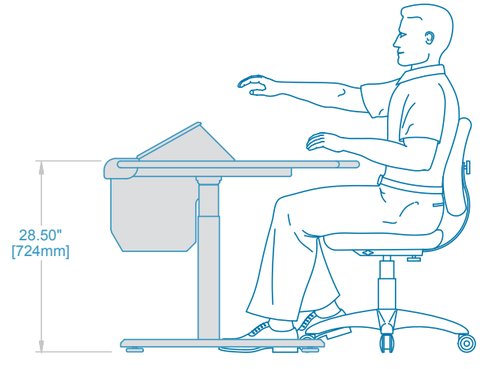
Rise to the occasion

GCX-S SIT-2-STAND -
ELECTRONIC HEIGHT ADJUSTABLE

S

All GCX-S are fully height adjustable with electronically controlled actuators, capable of 500 pounds of lift. This allows the countertop height to go from 25 inches above the floor all the way to 50 inches.





NOTE: Countertop height is not shown in the lowest position

Infinitely expandable and configurable

GCX-C CONTINUUM -
FITS ANY/EVERY ROOM SIZE OR SHAPE

C

Continuum can be configured in rows, or in concave or convex curves as well as freeform S-shape footprints. The lower transition panels ensure that wiring between units is protected and hidden from view. The rear aluminum extrusion (accessories rail) is custom cut to match the final shape allowing for easy addition and relocation of the monitor arms and other mounted accessories.
